

THE GLEICHEN CALL

TWENTY-FIFTH YEAR No. 4

GLEICHEN, ALBERTA, WEDNESDAY, APRIL 15, 1931

SUBSCRIPTION \$2.00 PER YEAR

UNIQUE PROGRAM CANADIAN CLUB FRIDAY EVENING

H. S. Patterson, R. C. of Calgary will be the speaker and his subject is "Strengthening Confederation." Mr. Patterson is one of Western Canada's leading lawyers and all who can hear him speak on the above subject will be glad they had the privilege.

The subject is one in which we are interested though we may not realize it. Peculiarly, we don't know as much about it as we should, and possibly many of us don't know whether the constitution of Government under Confederation is good or bad, or how it compares with the American constitution under the Statute of Liberty. Well you may be greatly surprised when you hear Mr. Patterson. All phases will be dealt by him in a way which will be interesting and instructive.

The Canadian Club executive want a good attendance, the speaker and his subject deserve it, and as an extra inducement, there will be a dance afterwards when the Gleichen 4-piece orchestra will supply the music. Now please note the time and the admission charges.

To attend the lecture and dance costs only 25¢. The meeting is called for 8 p.m. sharp, and the doors will be closed at 8:20 p.m. The dance starts at 10 p.m. and runs till midnight and if you have not attended the meeting it will cost you 50¢ to attend the dance. Therefore everybody come early and make a real night of it.

REV. J. R. DAVIES CONDUCTS SERVICES 22nd BATTERY C. F. A.

The 22nd Battery paraded to St. Andrew's Church Sunday morning in dress uniform and they made quite an inspiring sight led by Major A. G. B. Lewis officer commanding.

Rev. Mr. Davies spoke on the following text: Joshua 24, 17.

Does anyone believe that God has been less with our fathers than He was with the fathers of the people of Israel?

That he was the God of Jewish history, but is not the God of the Canadian history? If so, he may be sure he has read his Bible amiss. He may have read it reverently and devotionally, and may have gained from it many lessons of personal guidance, but still in a great measure his eyes have been closed. He has forgotten the words of the Divine Master to whom Moses and the Prophets bore witness, "God is not the God of the dead but of the living."

He can enter but faintly into the noble appeal of Joshua to his countrymen, come hither and hear the words of the Lord your God. "Hereby ye shall know that the living God is among you."

We have only to look back over our history to dispel all doubt. As we turn back the pages of history we notice that they are studded with precious stones, such as undying courage, patriotism, perseverance, activity, and such deeds as make nations great. You are all familiar with, and proud of them. I need only to mention one or two to convince you that the hand of God has guided our destiny.

The wonderful campaign under Wolfe that made Canada British.

The Fathers of Confederation were given a great vision of a United Canada. It was a God given vision.

There they were just one hundred years after the capture of Quebec, men from the victorious conquerors, men from the heroic losers, gathered for the purpose of deliberating how best to promote the welfare of their fellow subjects of British America.

It has been said of them, that "Providence being their guide they built better than they knew." Hence we have the Canada of to day. We admire the boldness and courage of the men who were not afraid to hew out a new path when past experience failed them. We admire the grit that swept like a breath of clean mountain air over the stagnant

waters of party poities of those days. Since Confederation, with various fortunes of trade and commerce, development and immigration, the Dominion has made progress to its present progressive state.

The wonderful undaunted spirit of the pioneers pushed the Canadian frontier ever and ever westward carrying the banner of a new nation deeper and deeper into the "Great Lone Land." And so in every walk of life we have a wonderful history. A history of which we never need be ashamed. When the greatest tragedy of nations threatened the Empire, Canada as a cause to aid the Mother Country and as a result covered herself with glory. You officers and men of the 22nd Field Battery must have read with pride the history of the unit you represent, which was published in the newspaper last week, organized in 1916. Changed from time to time to meet the various emergencies of the day. We find them in France as the 22nd Howitzer Battery and from 1916-1918 taking part in every engagement with the Canadian Corps, amoung which was Vimy. You as a unit have a glorious history and heritage.

Today we pay tribute to the officers and men who paid the supreme sacrifice while on active service.

To attend the lecture and dance costs only 25¢. The meeting is called for 8 p.m. sharp, and the doors will be closed at 8:20 p.m. The dance starts at 10 p.m. and runs till midnight and if you have not attended the meeting it will cost you 50¢ to attend the dance. Therefore everybody come early and make a real night of it.

Yes that last thought is one of which our hearts should linger. The blessings we enjoy so abundantly, and active service.

Often so unthinkingly have been brought, not dropped upon us, bought with a price, bought with maimed bodies, and blighted youth, and broken hearts, and desolate homes, bought with boundless devotion and stern manhood, and the resolve that Canada should never be put to shame.

You officers and men of the 22nd Field Battery certainly have a wonderful history and heritage made richer by the blood and sacrifice of those gallant gentlemen who died or do not hear them spoken to you in the words of John McCrae "To you from failing hands we throw the torch; be it yours to hold it high! With a great heritage you have a great responsibility to live worthy of these gallant gentlemen. And if you have a great ossthns;fulbetotaner do that you can say; knowing you will meet them and Him again.

O risen Lord, O Shepherd of our Dead, Whose Cross has bought them and whose Staff has led.

In glorious hope their proud and sorrowing land, Commit their children to Thy gracious hand."

GLEICHEN U.F.W.A. AND U.F.A. MEET

The Gleichen U.F.W.A. and U.F.A. met at the home of Mr. and Mrs. R. P. Umbricht on Thursday afternoon, April 2nd. There was a large crowd in attendance. After the regular business was transacted, Mrs. McMillan read the April bulletin on "Cooperative Effort." Mrs. Buckley read a very interesting paper on "What has been the influence of the women's vote."

A very nice lunch was served by Mrs. McMillan, Mrs. L. McDowell, Mrs. F. Desjardine and Mrs. Buckley. Arrangements are being made to have pictures shown at Meadowbrook hall on Thursday, April 16th at 8 p.m.

The next meeting will be held at Mrs. W. H. Cunningham's on April 30th.

A woman who appeared as a witness in court was told by the Judge to talk as if she was at home. The case is still going on.

"It's a matter of life and death," as the insurance agent said when he went to interview the big business man.

CHILD DROWNS IN SMALL WATER PUDDLE

A sad drowning fatality occurred late yesterday afternoon when Ada May Flem, one and a half year old daughter of Mr. and Mrs. P. Flem fell into a small puddle of water eight to ten inches deep and drowned. The mother and child had returned from visiting friends and while the mother was busy in the house the child was outside playing in few minutes Mrs. Flem missed the child and started to look for it and after looking for a few minutes found the child in the small puddle. It is figured that very few minutes elapsed from the time the child went out to play until it was found. The mother immediately placed the child in a car and hurried to Bert Heacock's farm. Coroner Farquharson was then summoned who deemed it necessary to hold an inquest. The funeral will take place Thursday from St. Andrew's Church, Rev. J. Davies officiating.

DAN McDONALD'S CAR STOLEN AND SMASHED

Dan McDonald, our general blacksmith, went to roost Saturday night in silent sound and had pleasant dreams, upon awakening in the morning he found his Chevrolet car had disappeared. Dan had forgotten to put the car in also to take the keys out. The next thing Dan heard was that his car was smashed up on the road to Arrowwood about a mile or from the north entrance to the bridge at a turn in the road. Apparently the car thieves were traveling at high rate of speed and never saw the turn in the road till it was too late. It is thought the car rolled over twice for all the windows were broken, the steering wheel wrenched loose, gear shift badly twisted, top badly smashed and left wheel bent off. It is thought there were two people on the job and why they were not badly hurt is a mystery. During the morning it was heard R. H. Bishop of Arrowwood had lost his car during the night. The car was found latter in the day in Calgary. But no sign of the thieves

LEONARD-WRIGHT

A quiet wedding was solemnized by the Rev. Fr. Morreau at St. Victor's Church on Saturday, April 11th, when Elenor Pearl Gorderich-Wright of Edmonton became the bride of Edward Francis Leonard of Calgary brother of Mrs. Martin Stubbs. The bride was attended by Miss Madeline Stubbs while Mr. Neil Rooney of Calgary supported the groom.

After the ceremony a wedding breakfast was held at the home of Mr. and Mrs. M. Stubbs.

The groom's gift to the bride was a pearl necklace to the bridesmaid a broadsided evening bag, and to the groom a set of white gold cufflinks. Mr. and Mrs. Leonard left for a short honeymoon in Banff and upon their return will reside in Calgary. The invited guests were: Rev. Fr. Morreau, Mr. and Mrs. E. F. Leonard, Miss Madeline Stubbs, Mr. Neil Rooney Mr. and Mrs. P. Downey, Mr. and Mrs. F. Warden (Medicine Hat), Mr. A. W. Stubbs and Mr. and Mrs. M. Stubbs.

NAMAKA NEWS

A party on Friday evening in honor of their daughter, Evelyn and her friends Miss Kathleen McLaughlin of Calgary. Whist was enjoyed until

Twelve o'clock the honors being won by Miss Ivy Watts and Mr. Arthur Bremner Jr. and the consolation prize by Miss Marjorie Wooster and Mr. Chester Peterson. A dainty lunch was served and the balance of the evening was spent in games, music and contests. Those present included Mr. and Mrs. A. Ley, Miss E. Ley, Miss Kathleen McLaughlin, Miss Marjorie Wooster, Miss Isabel Thompson, Miss Grace Scheer, Miss Ida Thompson, Miss Margaret Thomson, Miss

LARGE ATTENDANCE BOARD OF TRADE REGULAR MEETING

Following the recent vote on irrigation for the town of Gleichen which due to the persistent effort of the Gleichen Board of Trade was carried so successfully as to receive 100% endorsement of the ratepayers, the Board of Trade luncheon was called. The attendance was beyond expectation and the keen interest manifested during the discussions showed a spirit of co-operation. Arrangements are being made for a Gleichen Field Day to be held under the auspices of the Board of Trade or the opening day of the irrigation system. It is to be a tremendous celebration all the proceeds to be used for community purposes. Everyone is to take part in the sporting events and something will be provided for everyone to find pleasure in.

The tree planting campaign which the Board of Trade is undertaking in co-operation time. In order to assure a well planned campaign a special tree planting committee was appointed consisting of Messrs. Bolinger, Drinnan and Purcell who's duties it is to enquire fully into the best method of procedure and town planning. This committee will report at a special meeting on Monday April 20th in the Gleichen Community Hall to which all members are invited. The following were present at this meeting which was perhaps the most important one held for some time. Messrs. Ramsay, Murray, Yates, Guttmann, Matteson, Halstead, Drinnan, Phillips Jones, Gorrell, Evans, Harrison, Moss, Boyd, McKay, Hutchison, McQueen, Sutormeister, Schmidt, MacCallum, Scott, Lewis, Taylor, Cuthbert, Purcell, Brown, Bolinger, R. A. Brown, Menard, Haskayne, Beach, W. Sutermeister occupied the chair in the absence of President L. Michael who was expected to return any day from an extended trip to the Pacific Coast.

Mr. L. Cuthbert, manager of the Gleichen Canadian Bank of Commerce, addressed the meeting on banking, Ruth Scheer, Miss Mary Scheer, Miss Merle Baker, Miss Ivy Watts, Miss Stella Peterson, Miss Ruth Aitken, Harold Wooster, Kenneth Watts, Jack Bremner, Arthur Bremner Jr., Earle Baker, Alvina Scheer, George Peterson, Chester Peterson, Arthur Anderson, Andrew Thomson and Bill Watson.

Mr. W. H. Baker and Earle motor ed to Calgary on Tuesday.

Miss Merle Baker is at present on the sick list with a bad attack of flu.

Mr. and Mrs. H. E. Riley, of Calgary spent Sunday with Mr. and Mrs. A. Ley.

Messrs. Jack Bremner and Elmer Saunders motored to Calgary on Sunday afternoon.

Mr. Jacob Marten left here on Monday for Crowfoot, where he has purchased a farm and will, in future reside.

Misses Isabel, Margaret and Ida Thomson who are attending school at Calgary, spent the Easter holidays with their parents.

Garden Rebekah Lodge will hold a birthday party and dance on Thursday evening, April 16th.

Mr. and Mrs. A. Ley entertained at

The dance in the Oddfellows' Hall on Wednesday evening was well attended. Bremner's Orchestra furnished the music.

The picture show, under the auspices of the Namaka Ladies Aid, or Saturday evening drew a large crowd from Namaka and vicinity, and we hope to have another before very long. Much credit is due Rev. E. B. Brundage who operates the picture machine and is responsible for the picture secured for the evening's entertainment.

"How should jazz be played?" asks a writer. It shouldn't be.

EXPERT GARDENING ADVICE BY M. BOLINGER

Now that we are going to have irrigation most Gleichen people are more interested in gardens than they ever were, and the following article by Mr. M. Bolinger is very appropriate and should be read and reread and also kept for references. Mr. Bolinger always has a beautiful garden, which he is able to irrigate and what he is able to do should interest many.

It gives me much pleasure at this season of the year to have the opportunity of preparing this little paper on gardening. It seems that our very instinct teaches us that it is time to prepare the soil and to plant seeds. In most cases every member of the family enjoys an hour or two of the pleasant evenings making or taking care of the vegetable and flower gardens. The history of gardens must date back a long way whether fruit, vegetable or flower, for the Bible speaks of the creation of Adam and Eve and placing them in the Garden of Eden, this I am sure is far enough back for most of us.

There may be more fruits, flower and vegetable in an up to date garden of 1931, where the climate is favorable, than there were in the garden of Eden; but one thing I do know, we have many kinds of fruits, flowers and vegetables in Alberta.

It is really necessary for us to eat vegetables for our health and energy. The vegetables contain most everything our bodies require to keep us in good health. In case we do not supply the body with a variety of such vegetables as we need; in many cases we have to suffer for it, and try to make it up in a concentrated form in the way of medicines. The result of which is often very painful and expensive. In order to make a success of anything that is worth while we have to prepare and garden in an exception to the rule. In order to keep the soil in a productive state we must each year supply a quantity of well rotted barnyard manure, or commercial fertilizers. Some vegetables require more than others.

In preparing the soil for garden vegetables I prefer to spread a liberal quantity of well rotted barnyard manure, on the land, in the summer or fall, then plow under and harrow and level several times over to mix the manure and soil well together and to leave a fine level surface.

Where irrigation is not available I would prefer the garden plot cut in half and the one half manured and plowed deep in May and kept cultivated during the summer, to keep down all weeds and keep a mulch or the top to prevent the evaporation of moisture. In this dry climate, most years we do not have sufficient rain fall to grow a good garden, but by summer fallowing and storing the moisture we would then have two seasons moisture for the one crop.

I think the lack of sufficient rain, is this country is one of the greatest causes of failures in gardening.

Most garden vegetables require a great deal of moisture. In order to prevent the cut worms and bugs from destroying a good portion of our gardens, we must work up the land in the summer and early fall and keep it free from weeds and trash, which is a breeding place for many cut worms.

Go onto the garden as soon as the soil works nicely and make a fine mulch to retain the moisture and warm up the soil, for growth. Planting may now begin. The time of planting will depend on the nature of the seed to be sown. Our seasons vary somewhat so there is no exact date that we can fix for planting. At rule when it is warm enough to germinate the seed and start the stand the frost without mulching the growth of grass, we may begin to plant, the kinds that will stand the most frost without killing, such as: onion seeds and sets, lettuce, parsnips, carrots, peas and a few

ing subsoil put on the other side, then fill the trench six inches deep with well rotted manure, mix in some of the top soil with it, then put two inches of top soil on the manure and top soil that has been mixed, then putting in the rhubarb or asparagus roots using the remainder of the top soil around them. As the plants begin to grow the surface can be leveled around them. A fine ground bone meal can be mixed with the ground around the plants each spring.

There should be a space in every garden for all small fruits. They most all do well here. I have growing in our garden four varieties of black currants, the little red and white, Colorado black and yellow; Sand cherries, so several other plums and cherries, which we had ripe fruit from most of them last year.

We have three varieties of raspberries, one of them we have been growing for two years which ripens fruit and blooms at the same time until a heavy frost or October. We

WHEN CHILDREN FRET

WHEN children are fretful or feverish to be sent to sleep, the mother can put them to bed in a quiet room with a cool, dry atmosphere.

A new building is being erected for the News of the World in Bourne Street, London, England, and a small sign has been put up, which says:

"The News of the World is the only newspaper in the world which has a signature with a child's name on it."

For children, and other infants

like babies, the world is a new

country. Whenever a child is

afraid or nervous, it is

best to send it to sleep.

Children love to take a bath.

They like to play with their

mother's signature on a wrapper.

**PUTNAM'S
CASTORIA**

Fur Resources
Of Canada

Picture Supplies Will Depend Almost
On Domestic Raising Animal's

There is no doubt that the natural resources of Canada will be developed to the best advantage, but a new question arises as to future supplies. To

overcome this serious condition, dealers will have to depend on animal skins, which are the chief articles of export.

Skins of the fur-bearing animals can only be easily taken and prepared through the efforts of the furrier, who, with any help, can turn a pelt into a valuable fur.

This is a new form of politeness. It wouldn't do if the clothing offices any of the editor of Punch, (which is a sign of the times) or the Daily Telegraph, to have a new presentation.

The News of the World, the Daily Express, and the other established papers of the country are doing a great deal of advertising.

But the public is bound to model itself upon the furrier, and a half dozen

years ago, the Daily Express, with another million and a half every day, and the Sunday Pictorial, with a million and a half every day, down at the corner of Bourne and Carnarvon Street, is the huge Halliwell Hall, with its circulation of 100,000,000, which is more than

which is published there; the Sunday Dispatch, which claims more than an average of 100,000,000, and the other million

newspapers, more or less, the Evening News and the Star; besides some smaller, but very large, a stone, and the farmer, with any help, can turn a pelt into a valuable fur.

This is the only way of the batteries of pens, and of turning out something like 100,000,000 a week, every week, will scarcely make build

up the enormous audience.

But it will be seen of the News of the World to go to the St. Thomas Daily Journal.

There is a certain future for all who

will go into clothing, and by start

ing in a small way, and by taking

the time to learn, and by writing to

the Department of Agriculture, and

the Dominion Bureau of Statistics,

the picture supplies will be

the best guarantee to future

It is from small beginnings that

the big success come. All that is

needed is care and common sense

in the business.

Before Her Baby Came

"I have used several bottles of Dr. Phillips' Vegetable Compound, and I find it very good. It helps me wonderfully, especially before childbirth. I have five children, and when my fifth last baby came I had a miserable pain in my right side so I bought a bottle of Dr. Phillips' Vegetable Compound and I find now, I work outside during the fruit harvest, and I have no trouble with my right side. I am a housewife,"—Mrs. Chester Slingerland, R.R. #4, St. Catharines, Ontario.

**Lydia E. Pinkham's
Vegetable Compound**

"I have used several bottles of Dr. Phillips' Vegetable Compound, and I find it very good. It helps me wonderfully, especially before childbirth. W. N. U. 1883

handling, feeding and housing. The animal must pay its share of the cost and mink, but do not overlook the possibilities in raising pelts and skins. The mink is a valuable animal compared to the others. It has been proved that results are surprisingly large, in fact, three pairs per raised in a single year, and the skins, and being vegetarians, the food supply can be raised right on the farm and thus save expense and trouble.

Politics in Industry

**News of World Apologizes For
Antony's Outgoing Building**

A new building is being erected for the News of the World in Bourne Street, London, England, and a small sign has been put up, which says:

"The News of the World is the only newspaper in the world which has a signature with a child's name on it."
